This letter is being written with regard to our management staff we now have in place as a result of Lincoln Neely's effort. I have been working with Lincoln from the Executive Search Division and he has assisted me with hiring both management and sales people for our company. I am very pleased with the people Lincoln has sent to us for interviews. The quality is excellent. I personally do not have the time to pre-screen every application and resume that I receive when we place an ad. Working with a recruitment specialist such as Lincoln and combining both of our efforts and experience makes for a good system. Keep up the good work!!

Please do not hesitate to send me a great resume within this industry should one cross your desk again. I always have room for at least one more qualified person that can hit the ground running. Thank-you!

Sincerely,

A handwritten signature in cursive script, appearing to read "Ted Faubel".
